

Curriculum Vitae

Carolina Vera

University of Buenos Aires-CONICET
Argentina

Personal Information

Name: Carolina Susana Vera

Office Address: CIMA, 2do. Piso, Pab. II, Ciudad Universitaria, 1428, Buenos Aires, Argentina

Phone: (+54 11) 47 87 26 93

Fax: (+54 11) 47 88 35 92

E-mail: carolina@cima.fcen.uba.ar

Short Profile:

Carolina Vera is the Director of the Argentinean-French Institute for Climate Studies and its impacts, jointly sponsored by the University of Buenos Aires (UBA), Argentina National Council of Sciences (CONICET) and "Centre national de la recherche scientifique" (CNRS). She has been Deputy Dean of the School of Sciences of UBA and Director of the Center for Atmosphere and Ocean Research (CIMA)/ UBA- CONICET. She is Full Professor at the School of Sciences of UBA and CONICET Principal Researcher.

Dr. Vera has long research experience on understanding, simulating and predicting climate variability and change. She has participated or coordinated many recognized international research projects and programs related with climate variability and change. She has authored several peer-reviewed scientific journal articles and book chapters.

She is currently member of Future Earth Science Committee, of the Independent Science Panel of the Research Program on Climate Change, Agriculture and Food Security (CCAFS), of the Scientific Committee of the Transformation to Sustainability Program of International Social Science Council (ISSC). She has also served as Member of the Scientific Advisory Committee of the Inter-American Institute for Global Change (IAI), Officer Member of the World Climate Research Program (WCRP) Joint Scientific Committee, as Co-Chair of the WCRP Panel for the Variability of the American Monsoon Systems (VAMOS), and Chair of the American Meteorological Society Committee for Meteorology and Oceanography of the Southern Hemisphere.

She was Lead Author of the IPCC Special Report on "Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation" (SREX). She was recently co-Coordinator of the team that develops the report on present and future climate trends in Argentina for the 3rd national communication of Climate Change and Leader for the development of related web-based dissemination of climate data and scenarios to support impact studies in Argentina.

Current Position:

- 2011-Present Director of "Instituto Franco-Argentino del clima y sus impactos" IFAECI-UMI3351/CNRS-CONICET-UBA.
- 1993-Present Full Professor of the Department of Atmospheric and Ocean Sciences, University of Buenos Aires.
- 1995-Present Principal Researcher of the National Council of Research and Development (CONICET), Argentina.

Education:

- 1986 Licenciata in Meteorological Sciences, University of Buenos Aires
- 1992 Ph.D., Department of Atmospheric Sciences, University of Buenos Aires (under Prof. Eugenia Kalnay)

Previous Positions (most relevants):

- 2006-2010 Deputy Dean of the School of Exact and Natural Sciences of the University of Buenos Aires.
- 2010-2015 Director of CIMA/CONICET-University of Buenos Aires.

Participation in Committees & IPCC (Partial list):

- 2001-2005 Chair of the WCRP/CLIVAR/South American Low-Level Jet Scientific Working Group
- 2004-2006 Chair of the STAC Committee on Southern Hemisphere Meteorology and Oceanography of the American Meteorological Society (AMS).
- 2006 Co-Chair of the 8th AMS 8th International Conference on Southern Hemisphere Meteorology and Oceanography of the American Meteorological Society. Foz do Iguacú, 24-28 April, 2006.
- 2007-2012 Officer Member of the Joint Scientific Committee of the World Climate Research Program (WCRP) sponsored by WMO, ICSU and IOC.
- 2007-2015 Member of the Scientific Advisory Committee (SAC) of the Inter-American Institute for Global Change Research (IAI).
- 2009-2011 Lead Author of the IPCC Special Report on "Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation" (SREX).
- 2011-Present Member of the International Advisory Board of the Center for Development Research (ZEF)/University of Bonn.
- 2011 Member of the Scientific Committee of WCRP Open Science Conference, Denver 24-28 October, 2011.
- 2013-Present Member of Future Earth Science Committee.
- 2014-Present Ex-Officio Member of Independent Science Panel of CGIAR International Program on Climate Change, Agriculture and Food Security (CCAFS)
- 2014-Present Member of the Scientific Committee of the Transformations to Sustainability Program of the International Social Science Council (ISSC).
- 2014-2015 Member of the Scientific Committee of "Our Common Future under Climate Change " Conference, 7-10 July, 2015, Paris, France.

2015 -Present Member of the Steering Scientific Committee of the "IPCC Workshop on Regional Climate Projections and their Use in Impacts and Risk Analysis Studies", São José dos Campos, Brazil, 15–18 September 2015.

Research Experience (most relevant topics):

- *American Monsoon Systems*: Extensive involvement and leadership of international coordinated research for the description and understanding of these systems (e.g. Vera et al. 2006 JCLIM, Vera et al. 2006 BAMS, Arias et al. 2015 Clim Dyn) and its global context (e.g. Vera et al. 2013 Springer)
- *Large-Scale Modes of Variability in the Southern Hemisphere*: many publications in better understanding the influence of those modes like the Southern Annular Mode (SAM) (e.g. Silvestri and Vera 2003 GRL, Silvestri and Vera, 2009 JCLIM) and ENSO (e.g. Vera et al. 2004 JCLIM) in present and future climates (e.g. Junquas et al. 2012, 2013 Clim Dyn). Worked also on the large-scale climate influence on regional extreme events (e.g. Robledo et al. 2015 IJOC). Extensively worked in the description and understanding of the intraseasonal variability (e.g. Gonzalez and Vera 2014 Clim Dyn, Alvarez et al. 2014 Clim Dyn) including the influence of the Madden-Julian Oscillation (e.g. Alvarez et al. 2015).
- *Assessment of Climate models from CMIP3 and CMIP5 experiments* in the Southern Hemisphere and South America (e.g., Vera et al. 2006 GRL, Silvestri and Vera 2008 Met Appl, Vera and Silvestri 2009 Clim Dyn, Vera and Díaz 2014 IJOC)
- *Climate Predictability and prediction skill*: studies from seasonal to decadal timescales (e.g. Goddard et al. 2012 BAMS, Vera et al. 2013 Procedia, Osman et al. 2015 Clim Dyn)
- *Detection and Attribution of Climate Change at regional scales*: (e.g. Vera and Diaz, 2014 IJOC)
- *Climate scenarios*: many publications related with climate projections over South America (e.g. Vera et al. 2006, Junquas et al. 2012,2013 Clim Dyn). Co-Responsible for the development of the report of present and future climate trends in Argentina for the 3rd national communication of Climate Change. Leader for the development of web-based dissemination of climate data and scenarios to support impact studies in Argentina (3cn.cima.fcen.uba.ar).

Selected Publications in International Peer-Reviewed Journals (most relevant in reverse order):

1. Junquas, C., L. Li, C. Vera, H. Le Treut, K. Takahashi, 2015: Influence of South America orography on summertime precipitation in Southeastern South America. Accepted pending minor revisions in Climate Dynamics.
2. Jacques-Coper, M., S. Brönnimann, O. Martius, C. **Vera**, S B. Cerne, 2015: Heat waves in Southeastern Patagonia during austral summer: an analysis of the intraseasonal timescale. In press. Int. Jou. Climatology.

3. Jacques-Coper, M., S. Brönnimann, O. Martius, C. Vera, S B. Cerne, 2015: Evidence for a modulation by the Madden-Julian Oscillation of the intraseasonal summer temperature in Eastern Patagonia. In press. *JGR-Atmospheres*.
4. Osman, M., C. Vera, F. Doblas-Reyes, 2015: Predictability of the tropospheric circulation in the Southern Hemisphere from CHFP models. In press. *Climate Dynamics*.
5. Robledo, F., C. Vera, O. Penalba, 2015: Influence of the large-scale climate variability on daily rainfall extremes over Argentina. In press *Int. Jou. of Climatology*.
6. Alvarez, M., C. Vera, G. Kiladis, and B. Liebmann, 2015: Influence of the Madden Julian Oscillation on Precipitation and Surface Air Temperature in South America. *Climate Dynamics*. In press.
7. Arias P., R. Fu, C. Vera, M. Rojas, 2015: A correlated shortening of the North and South American monsoon seasons in the past few decades. *Climate Dynamics*, in press.
8. Vera, C., L. Díaz, 2014: Anthropogenic influence on summer precipitation trends over South America in CMIP5 models. *Int. Jou. of Climatol.* DOI: 10.1002/joc.4153.
9. González, P., C. Vera, 2014: Summer precipitation variability over South America on long and short intraseasonal timescales. *Climate Dynamics*, 43, 1993-2007.
10. Alvarez, M., C. Vera, G. Kiladis, and B. Liebmann, 2014: Intraseasonal Variability in South America during the Cold Season. *Climate Dynamics*, 42, 3253-3269.
11. Flombaum, P. , J. L. Gallegos, R. Gordillo, J. Rincón, L. L. Zabala, N. Jiao, D. Karl, W. K. W. Li, M.W. Lomas, D. Veneziano, C. Vera, J. Vrugt, and A. Martiny, 2013: Present and future global distributions of the marine Cyanobacteria *Prochlorococcus* and *Synechococcus*. *Proceedings of the National Academy of Sciences of the USA* 110(24)9824-9829
12. Junquas, C., C. S. Vera, L. Li, and H. Le Treut, 2013: Impact of SST changes projected in a global warming scenario on summer rainfall in southeastern South America. *Clim. Dyn.*, 40, 1569-1589.
13. Goddard, L., J. Hurrell, B. Kirtman J. Murphy, T. Stockdale, and, C. Vera, (authors in alphabetic order) 2012: Two time scales for the Price of one (almost). *Bull. Amer. Meteor. Soc.*, 93, 621–629.
14. Junquas, C., C. S. Vera, L. Li, H. Le Treut, 2012: Summer Precipitation Variability over Southeastern South America in a Global Warming Scenario. *Climate Dynamics*, 38, 9 , 1867-1883.
15. Liebmann, B., G. Kiladis, D. Allured, C. Vera, C. Jones, L. M. V. Carvalho, I. Blade, P. González, 2011: Mechanisms associated with large daily precipitation events in Northeast Brazil. *Journal of Climate*, 24, 376-396.
