INTERGOVERNMENTAL PANEL ON climate change

FORTY-SEVENTH SESSION OF THE IPCC
Paris, France, 13 – 16 March 2018

IPCC-XLVII/Doc. 3
(12.II.2018)
Agenda Item: 9
ENGLISH ONLY

ADMISSION OF OBSERVER ORGANIZATIONS

(Submitted by the Secretary of the IPCC)

IPCC Secretariat

c/o WMO • 7bis, Avenue de la Paix • C.P. 2300 • 1211 Geneva 2 • Switzerland
telephone : +41 (0) 22 730 8208 / 54 / 84 • fax : +41 (0) 22 730 8025 / 13 • email : IPCC-Sec@wmo.int • www.ipcc.ch

ADMISSION OF OBSERVER ORGANIZATIONS

Status of IPCC Observer Organizations

At the request of the Bureau at its 54th Session (Montréal, Canada, 5 September 2017) the Secretariat reviewed and updated the list of IPCC observer organizations and their participation in the IPCC. Subsequently the Secretariat removed one organization from the list since it ceased to exist, namely the International Human Dimensions Programme (IHDP). As far as the participation of observer organizations in IPCC Sessions is concerned, the Bureau was informed at its last Session (Geneva, Switzerland, 31 January 2018) that since 2012, when the last review of the observer organizations was done, observer organizations participated as follows:

1. IPCC-36 (Stockholm, Sweden, 23-26 Sept. 2013): 9 NGOs, 3 IGOs and 3 UN Organizations
2. IPCC-37 (Batumi, Georgia, 14-18 October 2013): 2 NGOs, 1 IGO, and 3 UN Organizations
3. IPCC-38 (Yokohama, Japan, 25-29 March 2014): 8 NGOs, 6 IGOs, and 4 UN Organizations
4. IPCC-39 (Berlin, Germany, 7-12 April 2014): 10 NGOs, 4 IGOs, and 5 UN Organizations
5. IPCC-40 (Copenhagen, Denmark, 24-31 Oct. 2014): 14 NGOs, 4 IGOs, and 4 UN Organizations
6. IPCC-41 (Nairobi, Kenya, 24-27 February 2015): 1 NGO, 1 IGO, and 4 UN Organizations
7. IPCC-42 (Dubrovnik, Croatia, 5-8 October 2015): 5 NGOs, 1 IGO, 4 UN Organizations
8. IPCC-43 (Nairobi, Kenya, 11-13 April 2016): 4 NGOs, 2 IGOs, and 9 UN Organizations
9. IPCC-44 (Bangkok, Thailand, 17-20 October 2016): 6 NGOs, 3 IGOs, and 6 UN Organizations
10. IPCC-45 (Guadalajara, Mexico, 28-31 March 2017): 5 NGOs, 1 IGO, and 7 UN Organizations
11. IPCC-46 (Montréal, Canada, 6-10 September 2017): 14 NGOs, 3 IGOs, and 7 UN Organizations

In compliance with the IPCC Policy and Process for Admitting Observer Organizations (hereafter the "IPCC Observer Policy") which was adopted at the 25th Session of the IPCC and amended at its 31st and 35th Session, the Panel currently has 145 Observer Organizations. The list of IPCC Observer Organizations is attached as **Annex 1, Tables 2 - 5**.

Annex 1, Table 1 lists new applications received by the Secretariat from organizations to obtain IPCC observer status. Since the 46th Session of the IPCC (Montréal, Canada, 6-10 September 2017), the following 7 organizations have requested IPCC observer status:

- (1) Inter-American Institute for Global Change Research (IAI)
- (2) International Union of Geodesy and Geophysics (IUGG)
- (3) Rutgers University (USA)
- (4) SouthSouthNorth Projects Africa (SSN)
- (5) Oasis
- (6) IEA Greenhouse Gas R&D Programme (IEAGHG), and
- (7) InterAcademy Partnership (IAP).

The first 5 organizations are already accredited as observer organization with UNFCCC, WMO or UNEP. Therefore in accordance with Rule I.5 of the IPCC Observer Policy, they do not have to submit additional documentation concerning their organization.

The IEA Greenhouse Gas R&D Programme was established in 1991 by an Implementing Agreement of the International Energy Agency. The organization is a not-for-profit international research organization which provides information on technologies to substantially reduce greenhouse gas emissions from fossil fuels. Its main technology of interest is carbon dioxide capture and storage (CCS). The organization is a separate legal entity to the International Energy Agency. The organization's mandate is to provide authoritative, independent and impartial technical information which may be policy relevant but not policy prescriptive. Staff of the IEAGHG contributed as Coordinating Lead Authors and Lead Authors to the IPCC Special Report on Carbon Dioxide Capture and Storage (2005).

The InterAcademy Partnership (IAP) is a global network of more than 130 national, regional and international academies of science and medicine, which was established in 2016. Through this network, they not only access highly credible organizations, but also leading scientific minds of most of the world's nations. IAP is active in many areas at the interface of science and policy, including climate change. Beginning of December 2017 the IAP released a Statement on Climate Change and Education.

In accordance with Rule II.1 of the IPCC Observer Policy the IEAGHG and the IAP have submitted the necessary background documentation concerning their organization.

The four columns on the right of **Table 1** indicate respectively the relevance of the organization's objectives to IPCC activities, if the organization already has observer status with UNFCCC, WMO or UNEP, the date of first application by e-mail or letter, and the Secretariat's view on the adequacy of the application with respect to IPCC's policy on the matter.

Furthermore there is one pending application as shown in **Annex 1, Table 6**.

The IPCC Policy and Process for Admitting Observer Organizations is attached for easy reference in **Annex 2**.

In accordance with Rules II.5 and II.6 of the IPCC Observer Policy, the requests were submitted to the IPCC Bureau for its review. Subsequently, upon the Bureau's positive consideration during its 55th Session (Geneva, Switzerland, 31 January 2018), the requests are now presented to the Session of the Panel for acceptance.

IPCC POLICY AND PROCESS FOR ADMITTING OBSERVER ORGANIZATIONS

**Adopted by the Panel at the Twenty-fifth Session (Mauritius, 26-28 April 2006),
Amended following the decision of the Thirty-first Session (Bali, 26-29 October 2009) and
Thirty-fifth Session (Geneva, 6-9 June 2012)**

I. Admission policy for observer organizations

The following policy for admitting observer organizations to Sessions of the IPCC and any of its Working Groups applies:

1. A body or an agency, whether national or international, governmental or non-governmental, which is qualified in matters covered by the Intergovernmental Panel on Climate Change (IPCC) and which has informed the IPCC Secretariat of its wish to be represented at Sessions of the IPCC and any of its Working Groups, may be so admitted subject to acceptance by the Panel.
2. In judging whether an organization is "qualified in matters covered by the Intergovernmental Panel on Climate Change" the Secretariat should be guided by the Principles Governing IPCC Work.
3. Organizations need to be non-profit organizations and are required to furnish proof of their non-profit and/or tax-exempt status in a State Member of the United Nations, of one of its specialized agencies or of the International Atomic Energy Agency, or in a State Party to the International Court of Justice.
4. Bodies and organizations, which are part of the UN System, are considered participating organizations of the IPCC and are not requested to submit an application or other documentation.
5. Organizations, which already have observer status with WMO, UNEP or UNFCCC, are considered as observer of the IPCC if they request so, subject to acceptance by the Panel. They are not required to submit other documentation.
6. Applications from national organizations will be brought to the attention of the IPCC Focal Point of that IPCC Member. They need to provide evidence of independence from governments. Otherwise, they are encouraged to participate as part of their government delegations.
7. Only admitted observer organizations may designate representatives to attend Sessions of the IPCC and Sessions of a Working Group at plenary level. Observer organizations have to register their representatives for each Session in advance.
8. The European Union (EU) may exercise the following procedural rights at IPCC Sessions: the right to speak in turn, rather than after all participant States have been acknowledged; the right to reply; the right to introduce proposals. These rights are exclusive. They do not grant the ability to vote or to be elected. Furthermore the EU will be allowed to provide comments in the Government/Expert review of IPCC Reports and Technical Papers and the final review stage of Summaries for Policymakers.
9. Being admitted as observer organization to Sessions of the Panel and of its Working Groups does not imply that the organization is admitted or invited to workshops, expert meetings and other closed meetings. During a Session of the Panel or a Working Group certain meetings may be closed to observers. Observer organizations are not admitted to any Session of the IPCC Bureau or Task Force Bureau.

10. Consistent with the IPCC procedures experts from “international, intergovernmental and non-governmental organizations may be invited in their own right to contribute to the work of the IPCC Working Groups and Task Forces.”
11. Subject to availability of sufficient space in the conference room UN and other international and intergovernmental organizations will be provided with nameplates.

II. Process of admitting observer organizations

For admitting observer organizations the following process applies:

1. Organizations interested in being admitted as an observer to Sessions of the Panel and any of its Working Groups will be asked to send by post a letter of application with copies of
 - a) Documents describing the mandate, scope and governing structure of the organization, such as the charter/statutes/constitution/by-laws or articles of association.
 - b) Evidence of the non-profit and/or tax-exempt status of the organization.
 - c) Any other information that supports the competence of the organization in matters related to the IPCC.
 - d) Information on the affiliation with other non-governmental organizations or institutions involved in climate change activities as appropriate.
 - e) Completed form with contact information of the organization and of a designated focal point.
2. New requests for admission as an observer to Sessions of the IPCC and any of its Working Groups shall be submitted at least 4 months before a Session of the Panel or a Working Group.
3. Organizations, which are already on the list of observers of the IPCC Secretariat and which have received invitations to Sessions of the IPCC and any of its Working Groups in the past, will be asked whether they wish to continue to receive invitations to Sessions of the Panel and any of its Working Groups on a provisional basis until the Panel has taken a decision, and if so, they will be asked to submit documentation listed under item 1 above.
4. The Secretariat will bring all requests for admission as observer organization to the attention of Members of the Panel at least 4 weeks before a Session of the Panel or Working Group.
5. The Secretariat will screen the submissions and make a proposal to be considered by the IPCC Bureau.
6. The list of observer organizations as reviewed by the IPCC Bureau will be presented to the next Session of the Panel for acceptance.
7. An organization is admitted as observer organization by the Panel by consensus.
8. Any organization accepted as observer organization by the IPCC may retain that observer status only as long as they satisfy the conditions set out for observer organizations.
9. The Secretariat of the IPCC maintains information on observer organizations.
10. The Secretariat shall extend invitations to Sessions of the Panel and its Working Groups to accepted observer organizations. The IPCC shall not provide financial assistance to the observers for participating in the IPCC process.
11. Admission of observer organizations will be included as a regular agenda item of Sessions of the IPCC Bureau and the Panel at the discretion of the Chair. The IPCC Bureau and the Panel shall review the list of accepted observer organizations annually.
12. If the observer status has to be withdrawn for any reason, the Chair may suspend the observer status of that organization subject to ratification by the Panel.
