

IPCC Side Event – SB60, 6 June 2024, Bonn Germany

Date: 6 June 2024

Time: 10:15-11:30 (75 minutes)

Venue: Room Bonn (capacity - 185 people max)

Title: Scientific foundations of AR7 agreed products & plans for enhancing engagement with IPCC national focal points

Speakers: IPCC Chair, Vice-Chair Diana Urge-Vorsatz (virtual participation), WGI Co-Chair Robert Vautard, WGII Co-Chair Bart van den Hurk, WGIII Co-Chair Kate Calvin (virtual participation), TFI Co-Chair Takeshi Enoki, IPCC Secretary Abdalah Mokssit; WGIII Vice-Chair Oliver Geden

Moderator: IPCC Deputy Secretary Ermira Fida

Event Programme

- **Part 1 – Introduction, plans for AR7 and key processes (15 to maximum 20 minutes):**
 - **Vision for AR7, agreed programme of work and AR7 products, introduction to the rationale of Part 2** (speakers: IPCC Chair - 7-10 minutes);
 - **Special Report on Climate Change and Cities** – following the Scoping Meeting for the Special Report on Climate Change and Cities in April 2024, a brief update on the status and where the IPCC is in the production of this report (speakers: IPCC Vice-Chair Diana Urge-Vorsatz, virtually – 3-5 minutes);
 - **Key processes and procedures relevant to the production of IPCC reports and efforts to increase the engagement of national focal points** - enhancing inclusivity and engagement with IPCC FPs for nominations of authors (speakers: IPCC Secretary Abdalah Mokssit – 3-5 minutes);

- **Part 2 – Scientific foundations for selected, agreed AR7 products (45 minutes):**
 - **Update of the 1994 IPCC Technical Guidelines on Impacts and Adaptation** - presentation of the technical elements of the original technical guidelines and the progress on these elements in the Working Group II report since these were first produced – an additional opportunity to recapture some of the relevant findings and work produced in the 6th cycle (speakers: WGII Co-Chair Bart van den Hurk – 15 minutes);
 - **Methodology Report on carbon dioxide removal technologies and carbon capture utilisation and storage (CDRT and CCUS)** – an opportunity to bring up the methodology side combined with the relevant material in the AR6 WGIII report on removal technologies (Chapter 12), on carbon capture and storage (Chapter 6) after a lengthy period since the IPCC last assessed CDRT and CCUS (speakers: lead WGIII Co-Chair Kate Calvin with TFI Co-Chair Takeshi Enoki – 15 minutes);

- **Methodology report on Short-Lived Climate Forcers** – an opportunity to provide an update on the state of the scientific knowledge in the AR6 WGI report and an update on the progress of preparations for the SCLF report (speakers: lead WGI Co-Chair Robert Vautard with TFI Co-Chair Takeshi Enoki – 15 minutes);
- **Part 3 – Q&A (maximum 10 minutes)**
